REMARKS

Claim 14 has been amended to correct a typographical omission by adding in sub-paragraph f after the word "drum" the words "so that." The addition is needed to make the claim as allowed read correctly. Because the claim as amended involves a only minor correction and does not affect the scope of the claim, the examiner's reasons for allowance are still applicable.

Claim 21 is amended by the addition of a period at the end.

Approval and entry of the foregoing amendments is respectfully requested.

Respectfully submitted,
